

## Rule of thirds

This is rule of thirds because the subject is off-center

## Symmetrical Balance

This is a symmetrical balance because there is a single point of interest

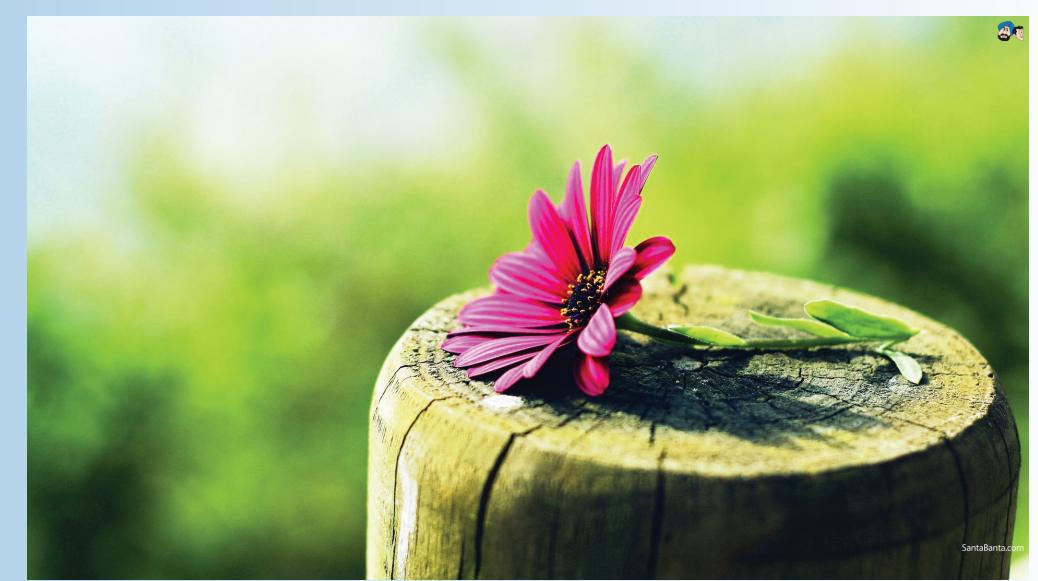

## Lines

This is lines because it is leading us somewhere

## SIX RULES OF PHOTOGRAPHY

## Frame

This is a frame because the hands are framing the sun.

## Simplicity

This is simplicity because there's one center of interest

## Non-Symmetrical Balance

This is a Non-symmetrical balance because there are multiple points of interest
